

Premium Mailing Protection for Small Parcels

Jiffy® TuffGard® Cushioned Mailers For Added Performance...

- **Rugged Durability** – Multi-layer coextruded film provides optimum moisture, puncture and tear resistance, especially for heavier items.
- **Superior Cushioning** – 3/16" thick Bubble Wrap® material maintains thickness for excellent product protection throughout the shipping cycle.
- **Maximum Protection** – Fully laminated film/air cellular material construction increases overall cushioning and bursting strength.
- **Improved Security** – High-strength, hot-melt adhesive closure provides additional tamper resistance and assurance for mailing high value items.

...and Extra Value!

- **Premium Appearance** – Fine texture surface is excellent for custom printing and increases perception of value. Easy to write on and accepts gummed labels.
- **Saves Postage** – Lightweight to reduce shipping costs.
- **Fast, Easy Loading Saves Labor** – High-slip Bubble Wrap® lining with crushed air cellular material at opening facilitates easy product insertion.
- **Economical Alternative To Cartons** – Decreases labor and increases productivity, eliminates additional dunnage, lowers postage costs and saves warehouse space.

Tough, coextruded film/Bubble Wrap® material lamination and strong hot-melt closure provide the best protection and security.

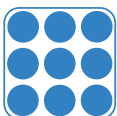

Fine texture surface is excellent for custom graphics.
