

Sealed Air®

BRAND PROTECTIVE PACKAGING

FasFil M Manual Paper Void-fill Dispenser

Sealed Air® brand FasFil M is an easy-to-use manual paper void-fill dispenser. It's the smallest of its kind and offers flexible options for pack station installation.

BENEFITS

Operational Efficiency

- Versatile system height and swivel options can be tailored to best fit any packaging operation
- Easy cut-and-tear process allows for single-handed operation
- Eliminates labor-intensive hand crumpling paper
- Minimal paper loading time

Product Integrity

- Paper void-fill helps hold products in place, preventing movement during transit

Package Optimization

- Paper tear assistance allows the operator to adjust the paper length to fit every void

Brand Experience

- Paper void-fill is curbside recyclable for added consumer convenience
- Available in 100% recycled paper packaging material
- Fanfold paper is responsibly sourced, SFI certified (Sustainable Forest Initiative)

CHALLENGE

Today's fulfillment operations must stay on pace with increasing consumer demand and their desire to receive parcels quickly. Innovative methods of cutting costs, using labor efficiently and practicing sustainability must be uncovered while at the same time increasing productivity, throughput, and reducing waste.

SOLUTION

Sealed Air® brand FasFil M is an easy-to-use manual paper void-fill dispenser. It's the smallest of its kind and offers flexible options for pack station installation. This solution requires no power to operate while holding the void-fill paper material above the work surface to optimize the entire pack station space. The system can also be mounted directly onto a shelf or a workbench.

MATERIALS

- Engineered to be used with SEALED AIR® brand fanfold paper void-fill including the FasFil Mini boxed fanfold paper dispenser
- Available in your choice of natural kraft or white in varying basis weights

EQUIPMENT

- Easily mounted onto a shelf or packstation
- System head can swivel either direction to face the area or box being filled
- The included height-adjustable stand can be extended so the dispenser can fill tall boxes or be lowered so the entire unit can fit under shelves if needed
